### How to Fold Your Misfortune Teller

- 1) Fold and tear along the dotted line to separate the instructions from the rest of the sheet.
- 2) This is your last chance to throw the Misfortune Teller in the trash and lead a happy life.
- 3) Turn paper over, - with type side down.
- 4) Fold two opposite corners exactly together. Crease the paper and your brow firmly.
- 5) Unfold. Then fold the other two corners together and crease again. Unfold.
- 6) Fold all four corners into the center.
- 7) Keeping the points folded into the center, turn over the smaller square you've created. Then fold all four corners into the center.
- 8) Fold in half horizontally. Unfold and fold in half the other way. Unfold.
- 9) Stick your thumbs and index fingers into the four pockets on the underside of the Misfortune Teller, opening them until it looks like the diagram below.
- 10) Open a large box of tissues.
