Microsoft®

Money 2007

Spend less time worrying about your money and more time enjoying it

Microsoft Personal Financial Software:
Microsoft® Money 2007 Deluxe,
Microsoft® Money 2007 Premium,
Microsoft® Money 2007 Home & Business

System requirements

To use Microsoft® Money 2007, you need:

- Multimedia PC with a Pentium II 266-MHz or faster processor (or compatible); Pentium II 300-MHz (or compatible) recommended
- Windows® XP Service Pack 2 (SP2) or later
- 64 MB of RAM required; 128 MB of RAM recommended
- 130 MB of available hard-disk space, plus an additional 200 MB while installing product updates
- 2x or faster CD-ROM drive
- SVGA graphics card or compatible video graphics adapter; SVGA color monitor with a minimum of 256 colors, capable of displaying 800 x 600 resolution; 16-bit color recommended
- Microsoft Mouse or compatible pointing device
- 56-Kbps modem
- Internet functionality requires an Internet service provider (ISP); local and/or long-distance telephone toll charges may apply
- Most online features require you to sign in to Money with your Windows Live™ ID (e-mail and password)

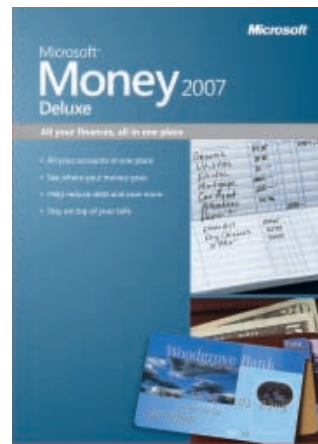

Important Limitations and Notices:

1. Microsoft Money 2007 exports to any tax preparation software product that can read tax (txt) format and Microsoft Money files, including TaxCut® and TurboTax®.
2. Online services available for two (2) years after activation of Microsoft Money 2007 or September 1, 2009, whichever is earlier. Online services, subject to limited availability, include but are not limited to the abilities to (i) download

your financial institution's statements and obtain stock quotes; and (ii) synchronize your client-based data with MSN® Money. Certain online services and options may only be obtained separately from your financial institution(s), with or without a fee, so please contact your financial institution for details. Microsoft reserves the right to modify or discontinue these online services at any time. See the Microsoft Money 2007 online services policy located at <http://money.msn.com/Money2007/OSP.asp> and in the product for details. See www.microsoft.com/money/onlinebanks for a list of financial institutions that provide connectivity to enable the download of statements into Microsoft Money 2007. You can only perform electronic funds transfers between accounts at the same financial institution.

All your finances, all in one place

Microsoft® Money 2007 Deluxe brings all your personal accounts—banking, credit, and investment—into one place and provides the tools you need to help you improve your credit and debt and tackle tax time with ease, so you can spend less time worrying about your money and more time enjoying it.

Customer Why to Buy

Microsoft Money 2007 Deluxe includes the tools you need to help improve your financial outlook by making it easy to enhance credit, decrease debt, and tackle tax time with ease.

- Make online banking even easier with all of your accounts—checking, savings, investments, and credit—in one place, with one password, which makes keeping tabs on the day-to-day spending a breeze. Plus, Money connects to thousands of banks and updates automatically, helping you easily stay on top of your finances.
- Improve your investment strategy with access to tips, guidance, and relevant articles from the highly regarded experts on MSN® Money.
- **NEW!** Savings & Spending Budget helps you plan for retirement, savings, and debt repayment, as well as your monthly expenses. It's the comprehensive budget solution that helps you see your savings grow and your debt shrink.
- **NEW!** Spending Tracker allows you to track your spending by budget groups. View alongside the popular spending by category tracker for amazing awareness of your spending.
- Help protect and improve your credit, reduce high-interest debt, and learn more about your credit rating.
- Forecast your cash flow to predict how much money you'll have in your day-to-day accounts in the coming months.
- Simplify tax time. Money makes preparing and filing taxes easy with expert tips from tax professionals. Tools such as the Tax Estimator and Deduction Finder help identify savings and make exporting data to tax preparation software simple.¹
- With Money, you get your money your way—from the big picture down to the details. Flexible views let you easily move between top-line information like daily spending, savings, and budgets to more detailed information.

Your personal and small business finances in one place

Microsoft® Money 2007 Home & Business makes managing home and business finances fast, easy, and automatic with precise tools that guide you through business taxes, inventory tracking, and online payroll alongside your personal credit, debt, investments, and taxes, so you can spend less time on finances and more time with customers.

Customer Why to Buy

Microsoft Money 2007 Home & Business includes everything in Money 2007 Premium **PLUS easy-to-use tools for invoicing, cash flow management, tax planning, inventory management, and income and expense categorization, enabling you to manage your business and personal finances easily.**

- **NEW!** Effortless invoicing. Now it's easier than ever to create great-looking invoices and manage the billing process. The Invoice Designer includes a new look and feel that makes designing invoices easy.
- **NEW!** Design professional-looking invoices for sending by mail or e-mail. With 14 new professionally designed customizable templates—and even more ideas on our Web site—creating professional-looking invoices has never been easier.
- **NEW!** The Invoice Dropdown helps you quickly find the templates you're looking for.
- **NEW!** Payroll made easy. Save time by downloading your payroll transactions directly into Money. Payroll for Money by PayCycle® calculates and prints paychecks, automatically fills out tax forms (including W-2s), and reminds you of tax deadlines.*
- Track business finances—generate business reports/charts.
